JOSIAH TURNER, Jr., EDITOR.

THE PERILS OF OFFICE-SEEKERS AND OFFICE HOLDERS IN CHINA.

Public employments are as much sought after in China as in the United States, or perhaps more so, if we may judge by the precautions taken to avoid solicitations and repress that feverish eagerness for office which has excited so much indignation among us in these latter days.

These precautions are curious enough to make it worth while to glance at them. Who knows whether something of the kind may not be thought worthy of adoption in this country?

The number of officers for each tribunal and for every department is fixed by law; and whoever shall be appointed unnecessarily, over and above this number—or shall cause another to be so appointed—shall receive a hundred strokes of the bamboo, and an increase of punishment for every supernumerary officer whose nomination he shall have procured. Were such a law in force in our country, the ardor of suitors and the good will of patrons would probably be a good deal cooled.

When civil government officers, who are not distinguished for eminent services rendered to the State, shall have been recommended to the goodness of the Emperor as persons worthy of the highest honors, these officers, and those who have recommended them, are to be sent to prison and beheaded.

Addresses sent to the Emperor, in favor of any of the great officers of the State, are considered as indicating the existence of traitorous machinations, subversive of government, and their authors, as well as the officers whom they concern, if they have been aware of the offense, are punishable with death. This excessive severity cannot be intended merely to repress court intrigues, and the attainment of high offices by ambitious though incapable persons; the law is principally anxious to guard against the slightest intringment of the power of the Emperor. In China, the lower the officer, the higher the responsibility; for it is said the crime would not have been committed if he had refused his assistance.—Thus the subalterns are liable to the most terrible punishments if they afford their concurrence in an illegal act, and to the resentment of their superiors if they refuse it. Their position would therefore become an intolerable one, but that, in China, official persons are never afraid of anything the law can menace them with, as they always trust to finding some way of wriggling out of it.

Another remarkable feature of the laws on this subject, is that they regard an erroneous sentence pronounced by any of the tribunals as a crime. It is somewhat curious to American ideas to see a judge whipped for having made a mistake; and in China not only is a tribunal punishable for a wrong decision on a cause with the facts of which it may be presumed to be well acquainted, but even when a superior tribunal confirms the erroneous sentence of an inferior, or in the reverse case when a cause has been sent from the superior to the inferior court.

The responsibility of the inferior officers is carried so far, that there are cases in which they would be put to death for having sealed a letter badly. If the imperial seal is awkwardly placed, or turned upside down, all the officers responsible for affixing it are to receive eighty strokes, and if the person to whom the document is sent should on this account feel any doubt of its authenticity, and hesitate to execute the orders it contains, and that any military operation should thus have failed, the clerk in the office is to be put to death.

The civil capacity of functionaries is restrained within certain limits, and this is perhaps one of the wisest arrangements of the Chinese law. Not only all high officers of government, but even the clerks and registrars, are forbidden to hold land in the district under their control. No governor officer in towns of the first, second or third order, may take a wife within the limits of their jurisdiction, under pain of eighty strokes of the bamboo, or a hundred if her father or mother have a suit before the courts, and he is to undergo the same punishment if he marry such a woman to his son, grandson, brother, or nephew.

CHRIST'S PREACHING.—How did Christ preach the gospel? He forbade family quarrels. He warned his hearers against the evil practices of the Scribes and Pharisees. He bade no one to come up to the Temple to worship till he had paid his just debts. He not only enjoined upon them not to commit adultery, but told them what the first step in adultery was that they might shun it. He talked to them about their families, and their lawsuit, and their habit of borrowing. He told them how they should accost people in the streets: when they should give, and how they should give it; how they should keep fast day. He told them just how religion bore upon their business and their associations. He bade them not to back bite or slander. He warned them against preachers who came preaching false doctrine. Common things he discussed in common language, enlivening his discourse with pungent questionings illustrating it by numerous stories, and garnishing it with vivid and beautiful pictres drawn from Summer fields and humble homes. Through it all sang the tender tone of love pity for the suffering, stength for the weak, trust and comfort for the poor. No wonder the people were astonished at his doctrines and when he came down from the mountain great multitudes followed him.

There are two little arteries which supply the whole face with blood, one on each side; these branch off from the main arteries on each side of the wind-pipe, and, running upward the eyes, pass over the outside of the jawbone about two-thirds of the way back from the chin to the angle of the jaw under the ear. Each of these arteries, of course, supplies just one-half of the face, the nose being the dividing line; the left nostril is supplied with blood from the left artery. Now suppose your nose bleeds by the right nostril with the end of the fore finger feel along the outer edge of the right jaw until you feel the beating of arter directly under your finger, the same as the pulse in your wrist, then press the finger hard upon it, thus getting the little fellow in a tight place between your little finger and the jaw-bone. The result will be that not a drop of blood goes into the side of your face while the pressure continues; hence the nose instantly stops bleeding for want of blood to flow; continue the pressure for five or ten minutes, and the ruptured vessels in the nose will by that time contract so that when you let the blood into them they will not leak. Bleeding from a cut or wound anywhere about the face may be stopped in the same way.

MEDICAL.

HENRY'S

CARBOLIC

CONSTITUTION RENOVATOR,

OR

BLOOD CLEANSER.

This medicine is known to the faculty as being the concentrated fluid extract of Sarsaparilla united with other valuable medicinal herbs, and is guaranteed as chemically pure.

FOR THE CURE OF

SCROFULA AND CONSUMPTION.

This remedy is compounded expressly for purifying and cleansing the blood of all infirmities, going at once to the fountain-head of disease. It extinguishes

Tumors, Consumption, Syphilis, Skin Eruptions Salt Rheum, Boils, Rheumatism, Waste of Vitality, Scrofula.

We all know that the promiscuous vaccination indulged in during the late war bred the most villainous diseases. Vaccination pus was taken from the arms of many persons full of scrofulous sores.

Then of course the impurities of the scrofulous patient were absorbed in the blood of men otherwise without diseases, and both be came infected alike. Men, women and children throughout all the West are most woefully diseased from this cause, and know not, until a few months ago, the origin of it.

Henry's Constitution Renovator

Relieves the Entire System of Pain and aches, enlivens the spirits, and sends new blood

BOUNDING THROUGH EVERY VEIN.

It imparts a

Sparkling Brightness to the Eye,

A Rosy Glow to the Check,

A Ruby Tinge to the Lips,

A Clearness to the Head,

Brightness to the Complexion,

Buoyancy to the Spirits,

And Happiness on all sides.

For all affections of the kindneys it is unsurpassed.

People have been rescued, as it were, from the very jaws of death, by a timely use of this great remedy.

EXTRACTS FROM VARIOUS LETTERS.

"Doctor, I was vaccinated in the hospital. Before that I had no skin disease. Until I had a bottle of your "Constitution Renovator" sent me by Mr. Roper, of Columbia, No., I suffered fortures with the running sores. Since I used two bottles I am all well except a small sore on the calf of my left leg, and that is getting well fast."

This from a lady: "And now my skin is as clear and fair as a babe's. My complexion, thanks to your "Renovator," is beautiful.

"Yes Jos, I may well say such relief was unknown to me before. Enclosed find five dollars for six bottles; two families here want to try it."

"I was very much troubled with syphilis. Your remedy seems to be curing me fast. Send 4 bottles per Express."

"No more rheumatism. Three bottles of Constitution Renovator have made me a new man."

"Doctor, enclosed find $5. Please send me a supply. Two families here want to try your Constitution Renovator."

We have not space for more of the above extracts, but you can ask your neighbor about the remedy. Every one has something good to say, as it cures every time.

FOR ALL DISEASES OF THE KIDNEYS, RETENTION OF THE URINE, &c.

And for Female Diseases,

Nervous Prostration, Weakness, General Lassitude, and Want of Appetite, it is unsurpassed.

CAUTION!—In ordering our remedy always place the number of our Post-Office Box on your letters. The new law in our New York Post-Office compels this.

The undersigned, having witnessed the experiments of Messrs. Hale & Co., with their Combination Burning Fluid, take pleasure in commending it to the public. The various tests to which the Fluid was subjected, was in the highest degree satisfactory. We have no hesitation in pronouncing it to be a *safe and brilliant* illuminating agent. Its cheapness added to its other good qualities, should insure its introduction into every family in the country, where Kerosene Oil is used.

PURGING THE PARTY.

The most remarkable production of the day, is an editorial to be found in the *Standard* of yesterday. It would mar its propositions and weaken its force to quote from it, and therefore we give it entire:

TO THE PEOPLE OF NORTH CAROLINA.

The course of the Legislature has been such that it has lost the confidence of the people of North Carolina. We have long known this, and have repeatedly warned it that the time would come when no party would be willing to sustain it. There are some good men in it to whom very much credit is due for the manner in which they have battled for the right. But their efforts have been unavailing. Bad and unscrupulous men have obtained a crowd of weak minded members and control the Legislature.

Its every act now directly injures the State.

Under pretense of benefiting the people, bills are passed which are antagonistic to the interests of the people.

It has ruined the credit of the State.

It has forced dishonor upon a people whose good name none have dared till now to traduce.

It has, led by men who care for nothing save their unworthy selves, passed laws which will render its name infamous forever and ever.

As a Republican paper the *Standard* can no longer by its silence seeming give support to such a body;

As a representative of the *people* of the Republican party it cannot support a body which has proven itself hostile to every principle of the Republican party;

As a North Carolina paper it cannot sustain a Legislature which is doing all in its power to ruin the people of North Carolina and to blacken her fair fame.

Hence we denounce this Legislature as unworthy the support of the Republican party, or of the support of any honest man irrespective of party.

We denounce it for having endeavored to force dishonor upon a State and a people who loathe the acts which are committed in their name.

We denounce a majority of its members as unfaithful to the trusts which they received from the people who so unfortunately elected them.

We refuse to recognize this Legislature as a Republican Legislature.

We refuse, in behalf of the Republican party in North Carolina, to be responsible for its deeds for it is controlled by enemies of Republicanism, and the voices of true Republicans are unheeded.

Enough Republicans in the Legislature turned traitors to give the power into the hands of the Democrats. They have used that power, and have done everything possible to injure the people and to disgrace the State. In a few weeks more they intend to kick aside their miserable allies, and to proclaim that the deeds they themselves have done are a part of the record of the Republican party. It would be false, but falsehood is a "Democratic" virtue.

We repudiate those false Republicans now. We repudiate all the acts of themselves and their "Democratic" allies. We repudiate this Legislature as a body, although we sustain those of its members who have proven true to the principles of the Republican party and to the people who elected them.

The time for protests has passed—they have proved unavailing.

The time for *action* has come—let it be such as will prove the might of a betrayed and injured people.

We call upon the people of North Carolina to repudiate men so regardless of the welfare of the people and of the honor of the State.

We call upon the Republicans of North Carolina to repudiate men who have broken faith with those who put them in place, and who have proven false to every Republican principle.

Let the Republicans of every city, town and village in the State hold meetings in which they shall solemnly deny all sympathy or connection with the Legislature which now misrepresents the people of North Carolina.

Let them condemn the wanton waste of the people's money; the many weeks of useless wrangling; the stain brought upon the honor of N. C[arolina] by the Legislature that the world may know that the Republicans of North Carolina have no sympathy with the Assembly whose deeds have for a time dishonored the State. Let us wash our hands of the men whom, having betrayed us, the enemies of our party will soon seek back upon us.

Now what does this mean? The man of the *Standard*, Littlefield, whose sentiments are here expressed, is, Cataline like, in exile and disgrace. In language like that of the celebrated Roman orator, we may exclaim. Yes, my countrymen, we are at last rid of (Milton) Cataline (Littlefield). We have driven him forth, drunk with perjury and filled with $7,000,000 of State bonds. But he still breathes mischief through the *Standard*, against the people and their representatives, whom he has contaminated and corrupted. He does not, like Cataline, threaten "to revisit us with fire and sword," but in March next he will offer the people the *Standard*, "Daily at six dollars, and Weekly at two."

This great engine of corruption, under another N. Paige & Co., or J. R. Neathery & Co., or some Dr. Yates of moderation, or some corrupted Democrat or old Whig, will be run by the people's money, now in the pockets of Littlefield. Littlefield who, with the *Standard*, would now fain have you believe that it is the Legislature alone that has brought down this calamity and disgrace upon the people and the State.

The Governor must take his share of it; Judge Reade, Tourgee and the Judiciary, must take their share of it; for they may be assured that the people will hold them all alike, responsible with Littlefield, the great corrupted and corruptor.

The people of North Carolina have borne patiently that which would have driven any other people to take up arms; they have borne, as slaves, the chains of a vile, corrupt, detestable faction, headed by the man who first asked, in 1862, for "the head of Abe Lincoln!"

The day, the moment for their emancipation has at last arrived. It is time to break these disgraceful chains; to crush out this despotism of party and faction. Those who have been attempting to degrade honest men are to-day overwhelmed with dishonor and disgrace themselves. Those who with threats made the timid tremble, tremble now, themselves.

Let the people remember that, when Rome lost its public virtue, order and discipline, was buried in lewdness, and governed by such men as Littlefield, Holden, Abbott, Estes, Tourgee, John Ragland, Cuffy Mayo and chicken Stephens, the people met "in every city, town and village;" they poisoned the Emperor Titus, to make room for Domitian; they denounced all sympathy with Augustus, and put him aside for the corrupt Tiberius. And again "they met in every city, town and village," and changed Claudius for Nero. Eighty thousand, ignorant, uneducated emancipated slaves, met in every "city, town and village" in North Carolina; they chose all the officials now in office; they elected the Executive, Legislative and Judicial branches of the government, Holden, Abbott, Littlefield, Tourgee, Rodman, Ashley, Laflin, Dewesse, Heston, Sinclair, Brewer, Reade, Settle, Dick and John Ragland: these, one and all, are their chosen Representatives.

When they meet "in every city, town and village," as Littlefield in the *Standard* now commands, can they make a better choice than they have done heretofore? Who believes it? They put forth their purest and best men; they have been weighed in the balance and found wanting in every thing except corruption.

Littlefield, Holden, the *Standard*, the Code, the "Ring" and the Radical party, have all run their corrupt course together; justice and humanity require that they should be buried in one common grave together. Let them rot and be forgotten together.

But they say, not so! In their audacity they surrender, and demand, not only quarters, but terms; they point out the victims for execution and execration; they demand to meet you again (except members of the Legislature,) "in every city, town and village in the State," and solemnly deny all sympathy or connection with the Legislature. To execute and execrate the Legislature alone, would be little better than the Federal Government executing Mrs. Surrat and Wirz, and allowing Governor Holden, Judge Rodman, and John Pool, the Jeff Davis elector, to live. What want the robbed and oppressed people of North Carolina with Littlefield's offered victims, such as Moore, Moring, Downing, Cuffy Mayo, Shoffner, Welker, Sinclair and chicken Stevens? Why should *they* be offered us a sacrifice to atone for the crimes of the Executive, Judicial, Code, and "Ring" departments of the government? They sinned alike against God, conscience, and the country; let them be punished alike by the scoffing, the scorn, and the indignation of an outraged and oppressed people.

RAID ON A ROBIN ROOST.

"Who killed cock-robin?" and, "who struck Billy Patterson?" are questions frequently asked but not often answered—especially the last one, which, we believe, has never yet been satisfactorily met. As to who killed cock-robin, it is written that it was done by the sparrow, with his bow and arrow; and the fact was established by the fly, who said he saw him die. But there has been another raid on the robin family with which the sparrow had nothing to do.

John and Joe Webb, Jesse Miller, Tom Whitted, Nathan Hooker, Fletcher Parks and fifteen freedmen, can prove that they have killed several sacks full of cock-robins in Orange, recently. The year 1870 will be known in after years, in Orange as the "robin year." They are almost as numerous there, in places, as locusts in Egypt, and a great deal more noisy. Thousands and even millions of them resort to roost among the pines and cedars, on the lands of John Miller, John Latta, Ben Kinyon and others, on Shaw's Creek, four miles from Hillsboro'.

On last Saturday night, accompanied by our two oldest boys and three freedmen, whom the boys had invited to join in the hunt, we set out for the "robin roost," on Shaw's Creek. We provided ourselves with tar pine for torches, matches, long poles, and one shot gun. We had been told that women and children of the neighborhood had killed hundreds with poles and brush, so we relied more on these weapons than on the gun. Arriving within a mile of the roost, we could distinctly hear the continual report of small arms, such as has not been heard since the yankee raid on Lee's lines around Richmond, where the Confederates were at roost.

When we rode to the top of the hill overlooking the creek, innumerable torchlights were visible, flitting in every direction, and we could hear the shouts, "here they are! here's a million of 'em! strike a match! Give me some light wood. I've broke my pole! I've lost my ramrod! and a hundred other exclamations denoting the utmost excitement, while bang! bang! bang! roared the shot guns in every direction. Fletcher Parks fired into a tall cedar and twenty-three birds were gathered up as the result of the shot. Fletcher not only beat Mrs Sparrow "with his bow and arrow," but he beat John Webb, considered the best shot in Orange, killing sixty birds at three shoots.

Amos Nichols, a deaf mute, and one of Prof. Palmer's graduates, was present with his brush, and did good execution.—Although he uttered no intelligible language, he made as much noise, and seemed to relish the sport as much as any one in the hunt.

About 10 o'clock the lights went out, the sport ceased, and the party from town assembled on the hill to count the game.—Five hundred and thirty robins were counted, besides a bag containing some two hundred, that was overlooked until they reached town.

Such a scene was never before witnessed in Orange, if in the State. It was equal to the pigeon shooting at the roosts, several years ago, of which such glowing accounts were given in the papers of the time, and the wood cock shooting on the Mississippi is nothing to it, for thirty wood cocks for one night's sport there, is counted as a grand hunt.

During the night we came up with three parties, and the torch lights in various directions indicated that there were many others out. There must have been, on that night, several thousands of birds taken.—Every one, too, seemed to enjoy the hunt by torch light, without regard to race, color, or previous condition.

Our boys, Tom and Chester, had been to Raleigh, the night before, to see Wyman, the Wizzard; our young readers may form some conception of the fun of the robin hunt, when they learn that the boys think Wyman's show, in Tucker Hall, wasn't to be compared to it.

Who of our readers is sufficiently skilled in natural history to account for this unusual gathering of robins to one particular place to roost?

NOTE.

In explanation of his vote upon the bill repealing Railroad appropriations, Mr. Malone said:

The Democrats who press the vote on this question can consistently vote for it; but I am surprised that the great Republican party, which had thrown its broad banner to the breeze, and claimed the credit of "all greatness," should now confess its incompetency, its ignorance, its duplicity and its frauds. Yes, it may be a curious recollection to me, that I voted with the "scattering fragments" of this "disorganized" party, on the last vote it ever gave as a party. To day it is dead! dead!! dead!!! I would gladly see it die—if, in its last dying stroke, it did not make a *vital stroke* at my section of the State, and at the reputation of the whole State.

The *Standard* has this day said that the party in this House could not be trusted by *"any honest man of any party."* The *Standard* should have a vote of thanks.

Then having admitted incompetency and dishonesty—you admit all that has ever been said in regard to *fraud* and *opposition to investigation*. I believe it all. Posterity will brand the party as *recreant to every trust imposed*.

[Reported expressly for the SENTINEL by the Deputy Clerk of the Supreme Court.]

NUMBER ONE HUNDRED THOUSAND.

On the 15th day of December, 1846, the Connecticut Mutual Life Insurance Company issued policy No. 1. On the 22d day of January, 1870, was issued No. 100,000.

This is the first company in this country, with one exception, and we believe in the world, which has issued 100,000 policies, and there was quite a commotion among the agencies of the company as the time drew near when the number 100,000 would be reached. Letters and telegrams were received from all parts of the country asking for that number, but it was finally awarded to Wm. E. Harvey, Esq., of this city, actuary of the St. Louis Mutual Life Insurance company. The policy is for $10,000, and was written in the strong hand of Hon. G. S. Gilman, one of the Connecticut Mutual directors, who claimed the honor of filling up the policy bearing that charmed number. The success of this great company in securing members is only equalled by the liberality of its dealings with them, as is shown by its dividends, which during the current year run from *forty-five to two hundred and forty per cent*—*Missouri Republican.*

PRATT'S "ASTRAL" OIL.

UNLIKE MANY OTHER ILLUMINATING Oils, is *perfectly pure*, and free from all adulterations or mixtures of any kind. It emits no offensive smell while burning, gives a soft and brilliant light, and can be used with the same assurance of safety as gas. Chemists pronounce it the *best and safest* Illuminating Oil ever offered to the public; and Insurance Companies indorse and urge upon consumers the use of the "Astral" Oil in preference to any other. It is now burned by thousands of families, and in no instance has any accident occurred from its use; a lamp filled with it, if upset and broken, will not explode. *To prevent adulteration*, the "Astral" Oil is packed only in the Guaranty Patent Cans, of 1 gallon and 5 gallons each, and each can is sealed in a manner that cannot be counterfeited. Every package with uncut seal we warrant. Be sure and get none but the genuine article, Pratt's "Astral" Oil, for sale by dealers everywhere, and at wholesale and retail by the proprietors

PHOSPHATIC FISH GUANO,

PRICE $48 PER TON OF 2,000 lbs., AT NORFOLK VA.

Manufactured at Norfolk Virginia.

This article is much superior to the Peruvian Guano as a fertilizer. It contains a much larger percentage of *bone phosphate* and Soda, and nearly as much Ammonia, its effects upon the land will be seen for years.

The following extracts from certificates received from those who used it last year upon Cotton will have the effect to remove the prejudice produced by the use of manufactured fertilizers, and give confidence in this home made article.

M. Lehrman, Esq., of Bertie county N. C., writes: "I have used your Phosphate Fish Guano in equal quantities side by side with Peruvian Guano and found the product much in favor of your article, the weed was larger, Cotton heavier and the plant kept green through the dry Summer."

J. J. Horton of same State, writes to the same import. Our Circular for January 1870, contains these and other certificates in full.

A Company of U. S. Infantry arrived here last night and went into quarters at the barracks.

BUGGY FACTORY.—We mentioned a short time since that our enterprising townsman N. S. Harp, had made arrangements for the erection of a large carriage and buggy factory, on his lot in East Ward. The brick work, we have since ascertained, has been contracted for by Messrs. King & Whitelaw, whose kilns are under the management of Mr. McKnight, late of Greensborough, and the wood work will be put on by Messrs. Allen, Betts & Vaughn, who have recently established a carpenter's shop with complete set of machinery, near the R. & G. Railroad track, in the Western part of the city. The names of the contractors is a guarantee that the work will be well done.

TIT FOR TAT.—Yesterday morning the *Standard* repudiated the Legislature; this was in consequence of the fact that, last week, the Legislature repudiated the *Standard*. The child didn't cry until the pap was withdrawn from his lips.

KICKED BY HIS OWN JACK.—A Republican Senator, after reading the *Standard's* denunciation of the Legislature, yesterday, is reported as saying, it was "d—d hard for a man to buy a Jackass, build a stable to put him in, feed, rub and curry him, and then to be kicked by him. (We suppose the animal kicked because the *feed* was cut off.)

CONUNDRUM.—Why are the Rebuplican members of the Legislature, like Balaam, as he journeyed from Pethor toward Moab? Give it up? Because they are rebuked by their own ass!

EXPLANATORY.—When we allude to the Legislature in general terms, either laudatory or otherwise, we allude to them as Republicans, because the Republicans are the dominant party, and can at all times do just as they please. We don't mean to include Conservatives or Democrats, in any general allusion to the General Assembly, because they are powerless for good or evil, on account of their minority.

INCENDIARISM IN ROBESON.—We learn from the *Robesonian* that the mill and gin house of Col. Arch. McEachen were destroyed by fire on the 9th inst., the work of an incendiary, supposed to be one Bill Seals.

The laying of the track of the Tarboro' and Williamston Railroad has been commenced.

Discontinued.—The use of the dirty, hair staining preparations, since the introduction of PHALON'S VITALIA, OR SALVATION FOR THE HAIR. With marvelous precision it produces the exact shade of color desired, and is literally transparent and undefiling. Sold by all druggists and fancy goods dealers.

Grey Hairs, Begone!

TUTT'S IMPROVED LIQUID HAIR DYE is a perfect wonder. By its use the old becomes young again. It converts the grey head into a beautiful black or brown. It imparts a natural color to the grizly mustache and whiskers, and gives to the hair and beard a softness and gloss, that the young beaux might envy.

Foreign Opinion --Extracts from English Testimonials, giving evidence of the efficacy of "BROWN'S BRONCHIAL TROCHES."

"I have derived greater benefit from the Troches, than from anything I ever tried." BROOKHOUSE BOWLER.

Prime Tenore of the British Operatic Association, London.

"I never knew such a wonderful cure for Hoarseness," W. RANDALL, Oxford Music Hall.

"I have tried your "Troches," and can testify to their efficacy," CHARLES SLOMAN, The English Improvisator.

"The 'Troches' give great satisfaction." T. W. R. LEE, Editor Loughborough Monitor.

"Very beneficial in clearing the Throat, when compelled to sing, though suffering from cold." AINSLEY COOKE, of the "Royal Italian Opera," London.

Miss LOUISA PYNE, of the "Royal Italian Opera," speaks of *"The Troches"* in the highest terms and uses them constantly to clear and strengthen the voice.

For Coughs, Colds, and Throat Diseases, the Troches are invariably efficacious.

JUST OUT.—*Cherry Pectoral Troches*, superior to all others, for Colds, Coughs, Sore Throats, Bronchitis and Horseness. None so pleasant, none cure so quick.

This old established firm, whose preparations, have acquired a world wide reputation for excellence, now offer this article. No MORE of those horrible tasted, nauseating, "BROWN CUBEB THINGS."

dec 23-d&w3m.

PLOWS.—We learn that Mitchell, Allen & Co., of Newbern, N. C., have procurred Steel Cotton Sweeps, made from the original patterns of David Dixon, Esq., of Georgia, they charge $5 for each, when stocked $7.

This firm is selling a large quantity of plows manufactured by themselves. They sell No. A. 6, 10, 11, and 50 plows at 2.50. Would it not be well for farmers to club in each neighborhood, and order together so as to get the freight cheap. Mitchell, Allen & Co., have the agency for the Foster Cotton Planters, and every variety of agricultural implements. 3lm

CITY IMPROVEMENTS.—The people of Raleigh—the tax payers—have been sufficiently amused in the way of expensive improvements. But whether those who profit by this sort of amusement are satisfied with what has been done, is another question.—We don't think, from present indications, that they are. Indeed, we are pretty sure they are not.

There are now three gigantic schemes afloot, to carry out either one which would create a burden too heavy for the people to bear. We remember the long list of lots advertised to be sold for city taxes last year; attempt to carry out the plan of the Commissioners for paving certain streets, and for extensive water works, and to pay for a large amount of lands condemned for streets in the contemplated extended limits of the city, and half the real estate of Raleigh will be advertised for taxes next year.

But about this paving or McAdamizing Fayetteville and Wilmington streets;—have the Commissioners calculated where the money is to come from? They first ruin the streets by putting clay on them—a thing never allowed before—and now they are to pay a tremendous outlay to put rock on it! We know the parties to this scheme—who is to be benefited and all about it. Why advertise that no party outside the city shall have the contract? Did anybody ever hear the like of it before? The intent of the thing is evident. The people are to be required not only to pay a heavy unnecessary expense, but, they are denied by their sapient Commissioners, the benefit of having the expense diminished by completion, by restricting contracts to the city!

We are limited in space to-day. To-morrow we shall have something to say about the enlargement of the city limits, as well as some other extravagances recently come to light.

DELAYING.—The resolution inquiring of the Governor in regard to the number of Detectives employed by him, their time of service and pay, passed by the Senate some time since, has not yet been answered. We don't believe the Governor will answer at all, excusing himself on the ground that the "good of the public service" requires he should remain *mum* on the subject.

A resolution was also passed by the Senate a long time ago, asking the Auditor to tell that body what the items were that went to make up that $76,000 of "contingences," as contained in his report to the General Assembly. We don't believe the "public good" will allow Mr. Auditor Adams to answer this interrogatory either.

The fact is, this Legislature is too inquisitive into the private affairs of gentlemen connected with departments of the State Government. We expect, the next thing, to hear some member wanting to know how much of the sixteen hundred dollars paid to the Express Company, last year, was for packages for private use of State officials.

DEPREDATIONS.—On Sunday last, 20th, some one cut down a tree in the public square, in the Northeast part of the city, and several colored women went to the place and gathered brush from the lap of the tree.

On Monday night, or rather, Tuesday morning, about 1 o'clock, it is said, four policemen arrested most of these women taking them from their beds, and brought them to the guard house; some of them with infants in their arms. After taking them to the guardhouse, the captain of the guard told them they were not the ones wanted, but they wanted to find out who cut the tree down, and the women were allowed to go home.

These women and their families complain, not of being arrested, but of the time of night chosen for it. They think the police might have attended to this duty, if it were a duty, the evening before, or have waited until next morning. We know nothing of the affair further than has been reported to us, as noticed above.

FOUND DEAD.—The body of a dead colored man was found in the woods in New Hanover, on Friday last.

An old tenement house in Wilmington was burned last Friday night.

Shade Brown, an old train hand, was crushed and died, while attempting to couple cars at Wilmington, one day last week.

TRINITY COLLEGE,
Feb. 19 1870.

MR. EDITOR:—In the Report of the Superintendent of Public Instruction, page 10, is an error that may do Trinity College some injury. In speaking of Trinity, the Report says, "The cost of *Tuition* is $190, to $225," meaning for the Scholastic year. It should be, the entire cost for *board, tuition &c.* is $190 to $225 per annum.

Very truly yours,
B. CRAVEN.

Occupational Ailments.

Fresh, pure air is a vitalizing elixir. Whoever is debarred by circumstances from unrestricted access to this invisible, but powerful stimulant needs a medicinal invigorant of some kind.—The great object should be to choose the best. Popularity is a pretty good guarantee of merit in this scrutinizing and intelligent age, and tried by this criterion Hostetter's Stomach Bitters stands first among the invigorating and regulating medicines of the present day. To the wants of persons engaged in indoor employments, especially in crowded factories where even with the best possible ventilation the atmosphere is always in some degree polluted, this salubrious vegetable tonic is peculiarly adapted. The nature of the ingredients is no mystery. It consists of an absolutely pure diffusive stimulant, tinctured—or rather surcharged—with the fluid extracts of sanatous roots and barks and herbs. The pharmacopoeia has its tinctures, but what are they? The juice of only a single root or bark or plant is present in each. Not one of them combines the three properties of a tonic, an alterative, and an aperient. All these elements are blended in the Bitters; nor are these the sum of its medicinal recommendations. It is also a blood depurent and an anti-spasmodic. The baleful effect which air, that has been partially exhausted of its oxygen by frequent breathing produces on the vital organization, is notorious, and when to this devitalized atmosphere is superadded the mephitic vapor of hot air furnaces, it becomes deleterious and depressing in the extreme. To enable the system to bear up, even for a few hours each day against the debilitating influence of a vitiated atmosphere, a wholesome tonic and alterative is urgently required. This grand desideratum is supplied in Hostetter's Bitters, which as a strength-sustaining, health protecting agent has no rival either among official or advertised medicines.

The following is from the *Robesonian*, Col. Sinclair's county paper:

At the request of Col. Sinclair, we print on our outside this week his remarks in the House of Representatives in vindication of his private character. It will be seen that he gives a detailed account of his "goings on" from the commencement of the war.—The facts are well known to the people of this community—his history being familiar to us all.

What we have heretofore published in regard to Col. Sinclair was written in the interest of public morals, and without any view of doing him injustice, or diminishing his influence (!) as a political opponnet. In common with nine tenths of the white people of the county we are thoroughly ashamed of the man.

The Methodist Church in this city, under the pastoral charge of the Rev. J. H. Daily, is crowded, every Sabbath morning and evening to its utmost capacity. To accommodate the crowd, steps are being taken to enlarge the church building, at an early day.—*Raleigh Episcopal Methodist.*

A number of gentlemen of our town have made up a fund to purchase and present to Capt. S. Adams Lee a gold-headed cane. A tribute to talent and patriotism. *Statesville American.*

IN MEMORIAM.

DR. JOHN WILL. HUTCHINGS, after a protracted illness, departed this life, at his residence in Murfreesboro on the 17th inst., aged 67 years. A zealous member of the Masonic Fraternity, his companions with all due honors, interred his remains in the family burying place near Littleton, N. C.

The surviving officers and men of the 14th North Carolina Regiment, will learn with sorrowful regret, the death of DR. HUTCHINGS. For his skill as a physician, they entertained the highest respect, and his uniform kindness and attention in the hospital, and beside the cot of the sick, are deeply graven in the memories of many of the 14th and in their families, his name is a "house-hold word."—*Requiescat in pace.*

IT IS THE PIONEER COMPANY OF THE SOUTH, in all the new and liberal features of Life Insurance, presenting advantages not offered by any other Company, note the following points.

1st. Low Rates of Insurance, with a credit of one third, the Premium as a perpetual Loan.

JAMES P. LUCAS, President.

CAPITAL STOCK, (PAID UP,) $150.000.00!

Stockholders bound for Double the Amount of Stock!

$100,000 DEPOSITED WITH THE INSURANCE DEPARTMENT OF MISSOURI.

THE MOST SUCCESSFUL CASH COMPANY IN THE WEST!

The Stock of this Company is owned by the Capitalists of Louisville, Ky., and St. Louis, Mo. It is emphatically a Western and Southern Institution.

The DE SOTO has no desire to exalt its merits over those of other good Companies, nor to prosper on the decline of others, laboring in the same fields, and for the same grand object. Confident of its equal advantages with others, of whatever age or standing, it is willing to labor honorably for success, and hopes to deserve the public confidence by its energy, industry, and liberal spirit.

From the Missouri Republican.

"Few Companies have started out with such gratifying and flattering prospects of success, and under such favorable auspices. The Company has been extremely fortunate in the selection of its Directory. Its President, JAMES H. LUCAS, needs not a word of commendation from us. He enjoys a general reputation as a gentleman of wealth, unquestioned integrity, practical good sense, sound judgment and splendid business capacity.

The Directors rank among the first class of our merchants, bankers and citizens, as men of capital, financial ability and experience; men of probity and unblemished reputation. In the character of such a Directory, the community have the best guarantee that the business of the Company will be prudently and judiciously managed."

Policies issued on all the popular plans and all Non-Forfeiting.

Policy-holders may travel by the usual modes of conveyance, either by land, river, lake or coastwise, in any portion of the United States and Territories, the settled portions of the two Canadas, Nova Scotia and New Brunswick, and in time of peace may cross and recross the Atlantic Ocean by the usual passenger routes to, and travel and reside within, any portion of Europe.

VALENTINES—SOMETHING NEW.

Owing to the fact that some who have received Valentines wish to reciprocate, and others who have not, wish to send some, that they in turn may receive, Cupid will allow them to be sent during the entire month of February this year. And in order to assist in this accommodating arrangement, I have just opened a new lot of sentimental ones, which will be sold at half price.

The Company has been well tested throughout the State, as to its promptness in paying her losses, reliability, &c.

DIVIDENDS PAID AT THE END OF THE FIRST YEAR, AND ANNUALLY THEREAFTER.

Its ratio of expense to income is extremely low. This may be seen by reference to the Official Reports for 1868. For example:

EXPENSE ON THE $100 RECEIVED.

KNICKERBOCKER,	$16,54
EQUITABLE,	17,44
NORTH AMERICA,	21,16
BROOKLYN,	21,09
UNIVERSAL,	27,24
JOHN HANCOCK,	18,27
THE NATIONAL,	63,48
THE ÆTNA,	13,41

It has an IMPORTANT NEW FEATURE that has been copy-righted. According to this plan the rates are MUCH LOWER than in any other Company in the world.

Its ratio of Mortality is low. Its rates are very low. Its expenses are very low. Its dividends are large.

It insured more lives in the City of New York in 1868, than any other Company, except one. It issued more Policies in the United States than any other save one. It insured more lives in Canada than any other Company, British or American.

See what the HIGHEST INSURANCE AUTHORITY in this country says. In the June number of the *Insurance Times*, of New York, the following opinion was expressed:

"If there is any great benefit in mutual association, any great advantage to be derived from scientific organization and a chartered source, tending to mitigate the sufferings, lessen the privations, and add to the peace, security, and happiness of humanity, we are prepared to show that these blessings flow, in all their fullness and purity, from this excellent, powerful, and flourishing Company, the ÆTNA LIFE, of Hartford."

"No institution has brought more prompt, full, and grateful relief to the hearths of the bereaved and desolate, and none has been more uniformly distinguished for the enterprise, wisdom, and equitable liberality with which it has fulfilled the purposes of its formation."

"Its success has been almost unbounded and beyond all precedent. Eight years ago, in 1861, it issued only 589 policies, received an income of seventy-eight thousand dollars, and possessed net assets amounting up to something over two hundred and eighty-one thousand dollars; but last year, 1868, it granted 13,337 new policies, more than any other Company, except the Mutual Life; received an income exceeding six million dollars, and had amassed solid, securely and profitably invested nett assets amounting to over Ten Million Three Hundred and Fifty Thousand Dollars. And this wonderful ratio of growth has been sustained in 1869."
